

# Hermit Crabs

Students will identify the necessary components of a good habitat and reflect on how to care for hermit crabs.

| Stage   | Assignment   |
|---------|--|
| Engage  | Watch <a href="#">hermit crab shell exchange</a>   |
| Explore | View <a href="#">ThingLink</a>   |
| Explain | Watch <a href="#">Introducing our new class pet!</a>   |
| Apply   | Use code Z4BV to create a <a href="#">Buncee</a> explaining what you know about caring for pet hermit crabs.                 |
| Share   | I will print your completed buncee projects and post them in the classroom to inform everyone about proper hermit crab care. |
| Reflect | Visit <a href="#">this padlet</a> and post the rules you think we need to care for our new pet.                              |
| Extend  | Visit <a href="#">Wonderopolis</a>   |
