

Welcome back to Pets in the Classroom! We've switched to a new grant system for the 2026-27 school year, so the old login link is no longer in use. Delete any saved login links from previous years so you don't accidentally use an old page.

Access Account

Your existing login has already been transferred to the new system. To access the new system with your existing login, you must set a new password. Follow the steps below.

1. Click the green **Login** button on the top right of the Pets in the Classroom website.
2. Under the Sign In tab, click **Forgot your password?**
3. Enter the **email you previously used** to login. Press the **submit** button.
4. You will then receive an email with a **link** to set your password.
5. After your password is created, you will be able to login to your account.
6. We recommend reviewing your profile for any updates before applying. Click **My Profile** within your account to do so. Complete the profile questions/form to create your account.

Apply for Grant

1. After you login, press the **Start New Application** within the portal to apply.
Note: As you work through the application, you can navigate backwards through the pages if necessary.
2. Review and agree to the Pets in the Classroom **Grant Terms**.
3. Review your **personal information** and update as necessary by clicking the Edit Profile button at the bottom of the page.
4. Review your **school information** and update if necessary. Affirm that your principal has given permission for your classroom pet.
5. Complete the **grant details** so we can learn more about you and your pet.
6. Press the **Submit Application** button once you're done.
7. Once submitted, you will see your application listed under the **Application History** section of your account.
